Little Hertin.

I thank you for your letter - especially for the enclosures. Ihave informed Gunars sister of her brother. She was very happy and asks to send regards to Gunars. She lives in the vicinity and now and then we meet each other.

Kugis is still sick - his condition is without changes, and it seems , he will need an opperation or change of climate (air).

He is delighted about information (news) from his relatives and asks to tell them that regardless of everything he is still alert.

Juris also is here. Although we meet seldom he is healthy as a radish, but only he grieves for Janis.

I am all the same, have much work. I meet also my old girl friends, lately I meet more often with Erika - we chat , she asked to send regards to you. She told me quite a lot about your friendship during the time you both worked for Šlesers. Erikas friend Jāna Senders drops by at my place .She is married and works very hard. All the time Gunars is still sick. I helped him as much as I could and hope that with the comming of spring he will recover.

Myself I feel bettter than I ever have. All this due to the unusually wonderful sring time.
